I think that Roblox is a great way to get people to communicate with others online because it is very fun and social. It can help you meet new friends and connect with others in many different ways. It can be a great way for people to learn how to communicate with others in a way that they prefer, especially online. This game can give people a lot of benefits because it is very fun, and you don't have to pay money in order to play. This game has helped me develop social skills because I was able use voice chat or text chat to communicate with other players and also the advantages of communication in real life. I will continue playing this game because it is fun and I'm able to make lots of friends and have a great time doing it.

I love roblox because it is filled with amazing games. Also, I think it needs more easy to download games and more new games. There are lots of great players that are making great games but they feel unappreciated because if there is a new update some other player comes onto their game and steals their ideas so that doesn't make them happy. I also think that there should be easier ways for players to get to private chat or opt out of chat but not everyone would like being in a public chat room which would only make them mad. I like being in a private chat room with my friends because no one else can get into the room and report us for saying bad words.

Rated 5 out of 5 by Anonymous from Super fun, but gets expensive Really fun game, and very realistic in-game items. However after a while, it can get pretty expensive. It is currently \$8.99 USD to purchase an additional character slot. Definitely worth it at first, but you will eventually outgrow the game if you don't have the money.
