I love Roblox, but there are some things that I don't like. My favorite aspects of Roblox are that it's fun and easy to play with my friends online, and it has funny ways of making you laugh or feeling nervous. My least favorite aspect is that if you use your neighbor's computer (turn it on/jack in) you can't change your username or skin. Also, there are players who break laws such as swear words, so they get banned from Roblox for doing so. I don't think Roblox should be edited at all, but just taken off.

Players would be given an ad in the bottom right corner of their screen with the option of clicking it to see more games. This is very similar to how Facebook and Google ads work, however, the Roblox ads cannot be clicked on and are only meant as a distraction. Users would need to leave the game before seeing the ad again or wait until they lose interest in playing any other game. The new system was rolled out in large parts making users question ROBLOX's integrity as a company.
